## TECNICAL SKILLS

- Web Design
- Design Thinking
- web developer
- c++
- Problem-Solving
- Project Management Tools
- Strong Communication

## LANGUAGE

Native English

Marathi

Hindi

## VOLUNTEER EXPERIENCE

PARTICIPATE in TECHLONS (collage fest)  
participate in quiz compition.  
Participant in Hackathons and Electrical  
Engineering Competitions

Hands of experience of **Canva** and **Grafic  
designing**

# siddhi Dharamthok

ELETRICAL ENGINEERING STUDENT

Passionate electrical engineering student dedicated to innovative solutions and complex problem-solving. Excited to contribute technical expertise to drive progress in the field.

## EDUCATION

### SECONDARY SCHOOL

shivaji science collage Amravati

2019-2021 high school duration..completed

**HSC** with **89%**.

Got **85%** in the **GRADE 10th**

### BACHELOR DEGREE

**P.R.POTE COLLAGE OF ENGINEERING , AMRAVATI**

**B.E IN ELETRICAL ENGINEERING** (ELECTRONICS AND  
POWER) , in progress .

## CORE SKILL

- Proficient in MATLAB, Simulink, and LabVIEW .
- Familiar with AutoCAD and PCB design software .
- Competent in using oscilloscopes, multimeters, and other electrical testing equipment.
- Knowledge of power distribution systems and renewable energy technologies .

## EXPERIENCE

Done the **workshop** of **IOT and embedded system  
project** basedon workshop

### 1. Smart Home Automation System:

- Designed and implemented a home automation system using Arduino and IoT technology.
- Developed a mobile app for remote control of lights, appliances, and security features.
- Integrated voice recognition for hands-free operation

### 2. smart door lock system:

-A smart door lock system using Arduino is a project that enhances traditional door locks with automation and remote control capabilities.
